Client : Push Studios

Location : London

Specifier : Push Studios

Product : Opus, Niveus (WP411) and Van Gogh, Bearwood (VGW46T)

Area : 500 m²

Sector : Office

"Designflooring seemed like the ideal choice for our Push Studios Design Headquarters, as it gave a premium natural look to an otherwise highly industrial styled railway arch interior. As an experiential and live events agency the floor can take a hammering with constant delivery of furniture and boxes. Designflooring looks as good two years after laying, as it did the day it was installed."

Henry Reeve, Senior Designer for Push Studios
